

REMARKS/ARGUMENTS

Claims 13 and 15 are pending in the application.

Claims 1, 2, 7-12, 14 and 16 are rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,704,571 (issued Mar. 9, 2004) to Moon, of record. Claims 3-5 and 17-19 are rejected under 35 U.S.C. § 103(a) as being unpatentable over *Moon* in view of U.S. Patent No. 6,456,858 (issued Sep. 24, 2002) to Streter, of record. Claim 6 is rejected under 35 U.S.C. § 103(a) as being unpatentable over *Moon* combined with *Streter* in further view of U.S. Patent Application Publication No. 2001/0014604, App. No. 09/063,028 (published Aug. 16, 2001) by Kingdon et al., of record.

Claims 13, 15 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 13 and 15 are hereby amended. Claims 1 through 12 and 16 through 19 are hereby withdrawn. Claims 14 and 20 are hereby canceled.

Claim 13 has been amended to be an independent claim and to include all the limitations of previous independent claim 7, and previous dependent claims 10 and 12. Claim 15 which was previously dependent from previous claim 10, has been amended to depend from claim 13 as amended. Applicant respectfully requests withdrawal of the objections to claims 13 and 15 in light of the amendments.

Applicants believe the instant application is now placed in condition for allowance. Notice of Issuance of the instant application is respectfully requested.

CONCLUSION

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. Also, no amendment made was for the purpose of narrowing the scope of any claim, unless Applicant(s) has/have argued herein that such amendment was made to distinguish over a particular reference or combination of references.

The Commissioner is hereby authorized to deduct any additional fees arising as a result of this response, including any fees for Extensions of Time, or any other communication from or to credit any overpayments to Deposit Account No. 50-2117.

It is submitted that the claims clearly define the invention, are supported by the specification and drawings, and are in a condition for allowance. Applicant respectfully requests that a timely Notice of Allowance be issued in this case. Should the Examiner have any questions or concerns that may expedite prosecution of the present application, the Examiner is encouraged to telephone the undersigned.

Respectfully submitted,
Yilin Zhao
